### JOURNEY OF THE PROJECT:

The Glory Children Home, Thamnapokpi-Moirang which is existed near Advance Public School, Thamnapokpi Mamang Leikai, P.O Ningthoukhong, P.S Moirang Bishnupur District, State-Manipur, Country-India is the only one in the district for 50 capacity boys inmates between the age of under 6 to 18years which is run by New Life Foundation-Manipur under the grant in aid of Ministry of the Women and Child Development, Govt. of India under Mission Vatsalya, through Social Welfare Department, Govt.of Manipur since 10th August 2013. Since there were no Children Home in the district, the district itself face lots of problem when children are in need of care and protection like Child trafficking, Destitute/Child labour /Orphan/Poverty/Single Parents/Incapacitated, Semi-orphanage, HIV/AIDS affected and infected/Missing/Displace and conflict victim/ Parented abuse and neglects children specially a special children under Juvenile Justice Act 2000, as amended in 2006, new model rule of JJAct 2015 and new amendment JJ Act 2021. Child Welfare agenda to set up at least one Children Home in the district during Development Seminar which was held on 21st August 2009 at INA Moirang and also appeal to the Department of Social Welfare, Govt. of Manipur to set up at least during burning issue of child trafficking cases happened in the district. With that result of the seminar, state initiative and also direction from The National Commission for proposal to State Govt. to support it through any sources of grant. Since, then the state Govt. to support it through any sources of grant. Since, then the institution started running from 10th August 2010. Later on in the progressive manner, the state Govt. recommended to the Ministry of Women and Child Development, Govt.of India for up-gradation of the children capacity upto 50 boys inmates and to support it initiative, in 2013 institution is approved for up-gradation of 40 boys and in 2014 institution is granted for 50boy's inmates which is approved from the year 2013-2014 and 2014-2018 respectively.

Since then the service are being given and provided for the children of child in Need of Care and Protection (CNCP) till date as per mandate of JJ Act 2000, as amended in 2006, new model rule of JJ Act 2015 and new amendment JJ Act 2021.

### Medical Check- Up:

Institution used to do a regular medical health check-up for our children with the help of Doctor **Dr. Raseshori Devi** (DMO-BPR) on regular basis along with the nurse and staffs of the institution. The institution strictly followed Covid-19 procedures and consulted Doctors through phone calls and online check up but soon after the Covid-19 is finished the Doctor and nurse actively engage towards the children on physically by maintaining a covid-19 precaution. We do mainly engaged mostly CHC Moirang, District Hospital-Bishnupur, RIMS-Imphal and if there's an emergency ,we are rush to the above mentioned hospitals with a covid-19 precaution but luckily with the blessing of almighty God there's none affecting Covid-19 at all. The institution follows regular check up as it will help to grow properly with good health.

### Counselling:

Forevery month our counselor took session for the inmates of Glory Children Home in category wise. It helps the children to bring a right conception, assume the child's roles and understanding the issues with the child by asking closed- ended questions, open –ended questions and later paraphrasing. The counselor tried to find out the inner voice and behavior of every child with counseling through motivation aspect is also done.

Sometimes the counselor took a role model to recognize and acknowledge the child's feeling –accepting the child for who he is without being judgmental about whether that feeling is right or wrong. Counseling involves relationship between the two persons in which one of them ( counselor) attempts to assists the other ( counselee) in so organizing

himself as to attained a particular form of happiness, adjusting to a life situation, or in short , self realization.

### *Types of counselling:*

1. Individual counselling.
2. Group Counselling

### *Individual Counseling-*

Individual counseling is a direct, active and personal approach that focuses on increasing the individual self awareness, understanding and self-judgement. It is a one to one counseling between a child and our trained Counselor, in a safe, caring, and confidential environment. It help the counselor identify the most effective ways of the children personality to achieve his desired goals for this stage of life, as well as provided him with the tools to cope with difficult circumstances that may arise along the way. The counsellor always tried to expresses whatever comes to the children mind.

### *Group Counselling-*

Group counseling is a form of therapy, which posits that the children (counselees) benefits from shared experiences. Usually our group counseling is focused on particular issues, i.e. anger management, discipline, daily routine, rules regulations of the children home, while our therapist (counselor) usually manages group counseling. Contributions from other members in the group are considered valuable since all in the group share similar issues. While taking the group counseling, the counselor deals with overly assertive behaviors, it ensure inclusion of quite, shy, overwhelmed every children. It also encourages all the participants to speak, cope-up the children with emotionally distressed, allow the group members to learn from each other.

### *Sight-Seeing:*

Our institution annually organized excursions and sightseeing with the children and staffs joyfully and we also organised the group wise sightseeing to different areas and held a feast to a particular destination with songs and entertainment, it is also a key factor that refreshes their thoughts and minds apart for the recovery from their dark history.

### *Vocational Training:*

Our child care institution conducted vocational trainings that help in introducing various occupations to the Children that gives a sense of respect for all jobs. And the Children will also get to learn about dignity of labour as they get to try our manual work and learn things hands-on. The main reason that we give a vocational training is to prepare the children for specific careers, disregarding traditional, unrelated academic subjects and to build their capacity. Throughout the year we give them a skilled training like a basic singing and a music training of guitar so that they develop their skills and creativity of children resulting in bringing a positive vibes. Not only that we use to teach them how to make surf/utensil cleaner liquid etc.

### *Physical Activity:*

**Our Institution mandatorily endorse the children to do Physical activity or Yoga** that can improve our health and reduce the risk of developing several diseases like diabetes, cancer and cardiovascular disease etc. Physical activity and exercise can have immediate and long-term health benefits. Most importantly, regular activity can improve our quality of life. Therefore the institution practice regular physical exercises in the morning as well as in the evening like morning walk indoor/outdoor games, painting, kitchen gardening etc. along with one of the staff who is responsible for them.

It helps to:-

- Improve our memory and brain function (all age groups).
- Protect against many chronic diseases.
- Aid in weight management.
- Lower blood pressure and improve heart health.
- Improve our quality of sleep.
- Reduce feelings of anxiety and depression.
- Combat cancer-related fatigue.
- Improve joint pain and stiffness.

### *Staff Meeting:*

A regular staffs meeting is held in the meeting hall at the institution concerning based on the issues, management, co-ordination and co-operation within the staffs and children. It helps to break them up into types with specific objectives. An informational staff meeting is the most

common type to changes the policies and procedures. Our Staff can make sure everyone gets information about what needs to be done in timely basis as per govt. norms. Our main objective of as a staff meeting is to provide updates, deliver announcements, solicit feedback, share information and participate in a team environment.

## COMMITTEES:

### *Children Committee:*

According to **JJ Act 2021 Rule No.40** we have divided the children into 3 committees those are set up in the age group of 6-10yrs, 11-15yrs and 16-18yrs. Under this committee we had 3 signatory members as president, secretary and vice president so that we encourage activities to:

1. Improvement of the condition of the institution.
2. Reviewing the standards of care being followed
3. Preparing daily routine and diet scale.
4. Developing educational, vocational and recreation plans respecting each other and supporting each other in managing crisis
5. Creative expression of their views through wall papers or news letters or paintings or music or theatre.

Therefore the children committee made a discussion monthly and shared their feelings in the register and we found that they are very creative, their thoughts in different ideas and technique to improve the institution and we respect their thoughts and creativity so we sit together once a month to solve any issues or problems creating between us. We will always respect their resolutions and will take further necessary action as a mandatory.

#### *Management Committee:*

As per the instruction given in **JJ Act 2021 Rule No.39** we have a management committee for the management of the institution to monitor the progress of every child. we start interacting with District Child Protection Officer as chairperson, member of the children committee and with the member of Child Welfare Committee.

#### *Social and Cultural Activities:*

The institution participated in various social activities in a special occasion like Cheiraoba, NingolChakouba, Irabot day, Gandhi Jayanti, Independence Day, Patriots Day, Gan-Ngai, Mera Houchongba, Bye Bye, New Year etc . We conducted such a program to develop and set a key role in maturing their selves as we found every children are lack in social atmosphere as well as cultural activities so that they make sure their self values of life and living smoothly under the society

### *Parents and Guardian meeting:*

Our institution follows guidelines to meet and talk with guardians and parents in a monthly and weekly basis at the interest of the children and we conduct counseling's to the parents with their children too.

### **Overall observation:**

From the findings, we see most of the children are happy to be with the family and guardians after restoration. Some are engaged to some works, some of them are drop-out , some of them are found to have good academic career, some help their parents with chores, some are not in good life with misleading bad behaviour and act. Moreover some of the children face big challenges for they need care and protection. As their is no proper after care home in surroundings they some-what face little issues . Apart from that they had lived a life of stress as they had to face their life on their own so our institution asked to the govt. to set up after care home to bring better future for them.

# Glimpse of Events:

**CHILDLINE BISHNUPUR**  
**ANNUAL REPORT 2022-23**

*“Come and Act together to protect & promote our children”*

**INTRODUCTION:** CHILDLINE is a national 24-hour, free emergency phone & outreach service for all children below the age of 18 who are in need of care & Protection are supported by the Ministry of Women and Child Development, Government of India. Apart from crisis interventions, CHILDLINE links children to long-term development. Any child/adult concerned can call 1098, free of charge and avail of the service at any time of the day or night. CHILDLINE was initiated in Bishnupur District on March 15<sup>th</sup> 2015 and New Life Foundation is functioning as a Collab.

CHILDLINE works for the protection of rights of all children aged from 0 to 18. It is an initiative for rescuing and assisting children in distress. Their particular focus is on all children in need of care and protection,

## **HISTORY:**

---

Childline was first established as an experimental project in June 1996, by Jeroo Billimoria, a professor at the Tata Institute of Social Sciences, Mumbai, at the department of Family and Child Welfare. Subsequently, the Government of India established the Childline across India in 1998–99, under Ministry of Women and Child Development, as an umbrella organization to support and monitor services across India, while also serving as link between the ministry and various NGOs working the field and in year 2021 brought under administrative control of the Ministry of Home Affairs. The move means that police personnel instead of social workers will handle the calls made to 1098. The action will also help in preserving data sensitivity. The Secretary of the Ministry functions as the chairperson of the Governing Board of the Foundation.

**BACKGROUND:** CHILDLINE works for the protection of rights of all children aged from 0 to 18. It is an initiative for rescuing and assisting children in distress. Their particular focus is on all children in need of care and protection, especially the more vulnerable sections, including:

- Victims of child sexual abuse.
- Street children and youth living alone on the streets.
- Child laborers are working in unorganized and organized sectors.
- Domestic help, especially girl domestics.
- Children affected by physical / sexual / emotional abuse in family, schools or institutions.
- Children who need emotional support and guidance.
- Children of commercial sex workers.
- Child victims of the flesh trade.
- Victims of child trafficking.
- Children abandoned by parents or guardians.
- Missing children.
- Run away children.
- Children who are victims of substance abuse.
- Differently-abled children.
- Children in conflict with the law.
- Children in institutions.

- Mentally challenged children.
- HIV/ AIDS infected children.
- Children affected by conflict and disaster.
- Child political refugees.
- Children whose families are in crisis.

**CHILDLINE VISION AND MISSION:** CHILDLINE aims to reach out to every child in need and ensure their rights and protection. The four Cs model- connect, catalyze, collaborate and communicate- is the system that enables us to reach out to more and more children , every year . Connect: use technology to reach out to children.

### **OBJECTIVES OF CHILDLINE:**

- To reach out to every child in need of care and protection by responding to emergencies on 1098
- Awareness about childline 1098 amongst every Indian child
- To provide a platform of networking amongst organization and to provide linkages to support systems that facilitates the rehabilitation of children in need of care and protection
- To work together with the allied systems ( police, health care , juvenile justice, transport, legal , education, communication, media, political and the community ) to create child friendly system
- To advocate services for children who are inaccessible or nonexistent
- To create a body of NGOs AND Government or organizations working with the national frame work and policy for children
- To be a nodal child protection agency in the country , providing child protection services to children in need of care and protection
- To contribute and work towards strengthening and participating in a global movement that addresses issues related to child protection and ensures that children's voices are heard.

### **ACTIVITIES:**

#### **Outreach Programmes:-**

CHILDLINE Bishnupur reaches out to the community through visiting schools, Anganwadies, PHC's & CHC's, adolescent group, village areas, slums, tourists and street pockets. Outreach generally focuses on child rights, issues related to child protection and CHILDLINE awareness. To create the people more aware out team conducted door to door campaign at least 28/29 days in every month throughout the year.

#### **Awareness Creation Programme:-**

Aim of the programme is to educate the stakeholders and sensitize the community on child rights, JJ Act, POCSO Act, child protection issues and ultimately ensure a child friendly society. CHILDLINE team conducts awareness programmes regularly for Police personnel, teachers, students, ICDS staff, Health staff, PRI members, auto taxi drivers, etc in this respect.

## Open House

Open House is a tool for child participation and is used to bring out the issues of children in a particular locality / school / home and acts as a feedback mechanism for CHILDLINE service. Participants who have awareness on child rights, raise issues faced by them, and seek solutions through the participation of allied system personnel. The main issues and problems mentioned by the children during open house:

- a) *Eve teasing, customary solution / Social Practices to any issues within the community*

### ***Observation of important days:-***

**1. World day against child labour:-** Childline Bishnupur Collab organized one day observation on world day against child labour at Keirenphabi on 12<sup>th</sup> June 2022, the theme of this year is “ Universal Social Protection to End Child Labour”. We organized this programme to bring forward solutions to combat the global menace and ensure that children the world over have a happy and healthy life. And also it aims to bating together governments and civil society organizations to combat child labour. Focusing on the theme, the organizing team conducted painting competition for the children. The team distributed colours, pencil, drawing paper, eraser and sharpener to the participants. In the programme, 45 children are participated the painting competition and they had drawn pictures very nicely with touching the theme. During the programme, S. Rebika Devi, Coordinator Childline Bishnupur highlighted about the observation programme and shared the acts and laws against the child labour. She further stated that to combat the child labour in the society, we all need to hand in hand, togetherness because a single organization cannot be stop and combat the child labour which is happening in the society, we need to organized more awareness so that could fight for child labour. Thereafter, children submitted their pictures, and then with distributing light refreshment the observation programme was conclude

**2. World day against trafficking in persons:-** World Day Against Trafficking is observed annually on 30 July to make people aware of who is being trafficked. The day aims to educate people that trafficking in persons

are considered to be a crime, including the exploitation of women and children for tragic jobs of forced labour and sex. Childline Bishnupur observed this day by plan to aim at integrating the fight against human trafficking into the broader programmes in order to stimulate development and strengthen security all over the district. This resolution emphasized that the day was important to “raise awareness of the situation of victims of human trafficking and for the promotion and protection of their rights.

Childline Bishnupur Collab observed World day against Trafficking in Persons on dated 30<sup>th</sup> July 2022 at Advance Public School Moirang .The theme of for this year is “**use and abuse of Technology, which primarily focuses on technology being a tool to proliferate human trafficking**”. The program started from 1.30 pm with involving school attending children, teachers and Childline team. Childline team distributed trafficking leaflets to the participants. The programme was started by S. Rebika Devi, Coordinator Childline Bishnupur welcoming all the participants and giving the key note address in relation with the day’s observation programme. Thereafter , Mr. L. Priyobrata Singh, Superintendent of Glory Children Home, Thamnepokpi highlighted about the human trafficking that It is a way to make money from exploiting people. People are bought and sold like slaves. Victims it may be children or adult are usually transported from one location to another, often from the village to the city. Trafficking victims are typically recruited by one or more of the following methods. He again share the physical forces of trafficking such as kidnapping, persuasion, poverty and threats with explaining and then he further continued his speech how can I protect myself from trafficking tools and traffickers may be either male or female, young pr old, criminal groups or individuals, be kidnap their victims or lure them into situations that lead to exploitation, be promise a job, education or marriage, be offer to handle and pay for the costs of a passport, work permit, and transportation for victims.

### 3. World day for prevention of child abuse:-

On the 19th of November, we observe World Day for the Prevention of Child Abuse. This day aims to raise awareness and create a culture of prevention against child abuse. Violence and abuse against children and

young people is a worldwide phenomenon that can take place in many forms such as sexual abuse, **child trafficking**, **child marriage**, sex tourism and forced labour. But with the cooperation and solidarity of multi-stakeholders like the meira paibis, youths, teachers, students, parents, CBOs, who make this a **top priority**, we can work together to eradicate child abuse altogether. Abuse of children and adolescents is a complex international problem that seems to defy simple analysis and easy answers. To understand child abuse and exploitation, and to make an impact on the outcomes of these children, Childline Bishnupur aims to create a culture of prevention around the world by encouraging governments and community/society organizations to play more active roles in protecting children. To focus attention on this difficult problem, the partners in World Day host activities to increase awareness and education about child abuse and violence toward children, to promote respect for the Rights of the Child and to make preventing child abuse a top priority.

### ***Risk Assessment:-***

- Government's depth vigilance.
  - Bandh and blockade.
  - COVID 19 and Pandemic.
  - Unwillingness of the majority of the public to involve actively in the issues with the notion of low possibility to get remedies since even the government is denying and very hard to bring justice.
  - Timely unavailable of organic materials.

## ANNUAL REPORT 2022-2023

### **Strengthening the Impulse Model Case Management Centre: Implementing a comprehensive response to trafficking in person**

**PROJECT BACKGROUND:** Strengthening the Impulse Model Case Management Centre: Implementing a comprehensive response to trafficking in persons is run by New Life Foundation through Impulse NGO Network Shillong, Meghalaya Supported by Azim Premji.

The Impulse Case Management Centre( ICMC) (formerly known as Impulse Case Info Centre) is the heart of the Impulse Model ICMC records, complies and keeps track of all relevant information on Human Trafficking cases, while strictly adhering to the procedure of the 6 R and 6 P.

### **PROJECT ACTIVITIES:**

- Repatriation and reintegration - persons transferred from point of recovery to the point where they are reintegrated within the community

### **School awareness campaign on human trafficking**

New Life Foundation –AP organized school awareness campaign on Human Trafficking at different schools and colleges of Bishupur , Churachandpur and Imphal East districts from July to November 2022. The program was involving with school attending children, teachers and New Life Foundation team. The team distributed trafficking leaflets to the participants. The resource persons shared that Traffickers may sell the victim to a brothel owner or other types of employers. Victims are commonly trafficked for:Domestic work (child care, housekeeping etc.),Forced prostitution, Drug smuggling,Marriage,Organ removal, Work in dance bars / clubs, Child labour (mines),Street Begging. The campaign also highlighted about the human trafficking that It is a way to make money from exploiting people. People are bought and sold like slaves. Victims it may be children or adult are usually transported from one location to another, often from the village to the city. Trafficking victims are typically recruited by one or more of the following methods. Also share the physical forces of trafficking such as kidnapping, persuasion, poverty and threats with explaining and then he further continued his speech how can I protect myself from trafficking tools and traffickers may be either male or female, young

pr old, criminal groups or individuals, be kidnap their victims or lure them into situations that lead to exploitation, be promise a job, education or marriage, be offer to handle and pay for the costs of a passport, work permit, and transportation for victims. The speakers shared that People may think, this can't happen to me' but it happens to people just like you all over the world every day. In North East India especially vulnerable groups include:

- Women and children living in villages near international borders
- Women and children living in extreme poverty
- Young, females seeking jobs outside their local area
- Children, both boys and girls sent outside the family home to work
- Girls forced into arranged marriages
- Boys recruited to become camel jockeys

Victims of trafficking are often taken from their local area to major tourist and business destinations within India or in neighboring countries. They are placed in unsafe or illegal living and working conditions. Victims may be held in these situations by: Taking away documents: Passports, birth certificates, identification cards, work permits etc.

Once a person has signed a contract and reached their destination, the employer or individual will keep the person's salary to pay for the costs of travel, such as transportation, passport and visa fees. These costs are designed to keep a person in debt to the trafficker. If an individual or company is making plans for you to travel and work away from home:

- Tell your family and friends when you are leaving and give them the address and phone number where you will be staying.
- Learn the name, address and telephone number of where you are going. If possible, first call or write to the employer to verify that you will be working there, and ask about your work, pay, and living conditions.  
Always ask for references.
- Seek to help you determine if the person or company is legitimate or trustworthy.
- Know the address and telephone numbers of the closest Indian consular or embassy to where you will be staying.

Most legitimate employers will provide a contract. Do not sign any contracts right away. Read through the document. If there is something you do not understand, take the contract to someone you trust, a NGO or, if possible, an advocate. Speakers further speaks the signs that will help you look out for human trafficking victims:

- Have injuries that show signs of being forced

against one's will

- Fearful/ anxious
- Work excessively long hours, over long periods, no days off
- Do not know their work or home address
- Be unfamiliar with the local language
- Not be in possession of their travel or ID documents / immigration papers
- Kept under surveillance
- Be unable to leave their work environment
- Living with employer
- Have very few items of clothing
